To Whom It May Concern,

It is with great pleasure and without reservation, that I highly recommend Maria Teresa Gamboa Medina as a first-rate individual.

I have known Ms. Gamboa since 1992, and have always been extremely impressed with her dedication, professionalism, and humanism.

Tere is very well qualified in many areas – including public relations, translations, educational services or dentistry to name but a few. What truly sets Tere apart from the crowd, however, is her distinctly human touch and attention to detail that is a valued trait among customers and friends.

As such, I can confidently recommend her to any company or institution interested in hiring her. She would be a great asset.

Should you require additional information or insights, please do not hesitate to contact me.

Sincerely,

Olaf Carrera
